APPLICATION FOR SEWER SERVICE PERMIT

Date of Application: _____

Service Name: _____

Service Address: _____

Mail Address: _____

Company: **L.W. Sewer Company**

Return this signed application, copy of preliminary engineering report, and the \$3,000.00 fee for connection and inspection. If service is not completed, the \$3,000.00 fee will be returned to applicant less any inspection and/or engineering costs incurred by L.W. Sewer Company.

Connection to the company collecting sewer must be made by a qualified sewer contractor, subject to inspection and approval by the company and in accordance with its rules and regulations.

Upon approval by the company, you will be furnished with a list of inspections which are required to be approved by the company at various stages of construction and installation. No occupancy of the building to be serviced will be occupied until final inspection is completed and approved by the company.
